SECRET

17. [redacted] Charles Meissner, Senate Foreign Relations Committee staff, called and asked if the briefing for Senator Charles Percy (R., Ill.) scheduled for 2:00 p.m. on Monday, 2 June, could be changed to 10:30 a.m. After checking with [redacted] I called Meissner and told him that 10:30 would be fine.

18. [redacted] I received a call from Jim Kronfeld, Counsel, House Government Operations Subcommittee on Government Information and Individual Rights, concerning the Agency's exemption in the Privacy Act of 1974. He has been requested by Chairwoman Bella S. Abzug (D., N.Y.) to prepare a memorandum setting forth an exemption for intelligence sources and methods as a substitute for an exemption for all CIA documents and material. Kronfeld will follow the general thrust of the language previously provided to him. Kronfeld agreed that if our regulations implementing the Privacy Act set forth our present procedures for the handling of requests under the Freedom of Information Act, the Agency would stand a good chance of satisfying the concerns now in the Government Operations Committee to strike the present exemption. I will check back with Kronfeld when we have our first draft of our implementing regulations.

GEORGE L. CARY  
Legislative Counsel
